Beste sportvrienden,

De tijd vliegt voorbij... en met bijzonder veel trots en enthousiasme stellen we jullie alweer een nieuwe editie van onze brochure **"Racing to 2027"** voor!

In een wereld waarin digitalisering en sociale media steeds belangrijker worden, doet het ons enorm veel plezier dat onze vertrouwde brochure jaar na jaar haar vaste plaats binnen de internationale duivensport weet te behouden. Ook voor deze editie mochten we rekenen op het vertrouwen van maar liefst **92 liefhebbers**, die samen garant staan voor een prachtige brochure van **120 pagina's**, boordevol kwaliteit, topprestaties en uitzonderlijke duiven.

Het blijft voor ons een enorme voldoening om te zien hoe zowel deelnemende liefhebbers als lezers, verspreid over de hele wereld, telkens opnieuw uitkijken naar de nieuwste editie. Het bewijst dat onze manier van promotie voeren, die we al tientallen jaren met passie en overtuiging uitdragen, nog steeds bijzonder doeltreffend is.

Aan alle deelnemers: een welgemeende dankjewel voor jullie vertrouwen!

Met het nieuwe beursseizoen voor de deur kijken we er alvast naar uit om "Racing to 2027" opnieuw gratis te verdelen onder de talrijke bezoekers. Ook tijdens onze bezoeken aan buitenlandse klanten zal de brochure een belangrijke plaats innemen. Want hoe digitaal onze wereld ook wordt, een mooie brochure doorbladeren, de verhalen achter de kampioenen ontdekken en de kwaliteit van hun duiven bewonderen, blijft toch iets bijzonders.
Uiteraard stopt onze promotie niet bij de gedrukte versie. Ook deze editie wordt vertaald naar het Chinees en zal via belangrijke sociale mediakanalen zoals Facebook, WhatsApp, LINE en WeChat wereldwijd onder de aandacht gebracht worden. Op die manier geven we onze deelnemende liefhebbers de internationale uitstraling die ze verdienen.

En daar blijft het niet bij! Zoals de traditie het wil, organiseren we **midden juni 2027** opnieuw onze inmiddels vertrouwde internetveiling. Alle deelnemers aan "Racing to 2027" krijgen hierbij de mogelijkheid om **drie duiven uit hun gepromote toppers** te koop aan te bieden. De successen die wereldwijd reeds behaald werden met duiven aangekocht tijdens deze veilingen, zijn het mooiste bewijs van de kwaliteit die hier jaarlijks wordt aangeboden.

Tot slot wensen we jullie bijzonder veel lees- en kijkplezier met "Racing to 2027". Laat je inspireren door de prestaties, de kampioenen en vooral door de passie voor onze prachtige duivensport die ons allemaal verbindt.
En vergeet niet: of het nu gaat om de aankoop of verkoop van duiven, wij staan steeds met plezier voor jullie klaar. Met onze jarenlange ervaring, zowel in de internationale duivenhandel als in de actieve duivensport, helpen we jullie graag om de juiste keuzes te maken en jullie ambities waar te maken.
Samen blijven we bouwen aan de toekomst van onze mooie duivensport!

Met sportieve groeten,
Miet en Jo Herbots

Dear Pigeon Racing Friends,

Time flies... and it is with great pride and enthusiasm that we present to you yet another edition of our **"Racing to 2027"** brochure!

In a world where digitalisation and social media are becoming increasingly important, it gives us tremendous pleasure to see that our traditional brochure continues to hold its well-established place in the international pigeon racing community, year after year. For this edition, we are once again delighted to have earned the trust of no fewer than **92 pigeon fanciers**, who together contribute to a magnificent **120-page brochure**, filled with quality, outstanding performances and exceptional racing pigeons.
It remains a great source of satisfaction for us to see how both participating fanciers and readers from all corners of the world eagerly look forward to each new edition. This proves that our approach to promotion, which we have pursued with passion and dedication for several decades, continues to be highly effective.

To all our participants: a heartfelt thank you for your trust and confidence!

With the new exhibition season just around the corner, we are already looking forward to distributing "Racing to 2027" free of charge to the many visitors attending these events. The brochure will also play an important role during our visits to international customers. Because no matter how digital our world becomes, there is still something special about turning the pages of a beautiful brochure, discovering the stories behind the champions and admiring the quality of their pigeons.
Of course, our promotional efforts go far beyond the printed edition. This year's brochure will once again be translated into Chinese and promoted worldwide through major social media platforms such as Facebook, WhatsApp, LINE and WeChat. In this way, we ensure that our participating fanciers receive the international exposure they truly deserve.

And there is more! As tradition has it, we will once again organise our well-established online auction **in mid-June 2027**. All participants in "Racing to 2027" will have the opportunity **to offer three pigeons from their featured top performers for sale.** The many successes already achieved worldwide with pigeons purchased through these auctions are the finest proof of the exceptional quality offered year after year.

Finally, we wish you a great deal of pleasure reading and exploring "Racing to 2027". Let yourself be inspired by the outstanding performances, the champions and, above all, the passion for our wonderful sport that brings us all together.
And remember: whether you are looking to buy or sell pigeons, we are always happy to assist you. With our many years of experience in both the international pigeon trade and the sport of pigeon racing itself, we are here to help you make the right choices and turn your ambitions into reality.
Together, let us continue building a bright future for our wonderful sport of pigeon racing!

With sporting regards,
Miet and Jo Herbots

CARBO-VITA

A VITAMIN SUPPLEMENT WITH A UNIQUE BLEND OF SLOW AND FAST SUGARS FOR A POWERFUL ENERGY BOOST. WITH THE ADDITION OF MEDIUM-CHAIN TRIGLYCERIDES (MCT) AND A HERBAL TONIC AS ADDITIONAL AVAILABLE ENERGY SOURCES.

Contains very long maltodextrin chains (slow sugars) and dextrose (fast sugars), ideal for the day before basketing to improve flight performance.

A comprehensive mix of vitamins (A, D3, B1, B2, B3, B6, B12, C, E, K3 and folic acid) that promote overall fitness levels and support resistance and recovery.

Medium chain triglycerides, or MCTs for short, are a special type of fat that pigeons can use quickly and efficiently as fuel.

- Fast & instant energy.
  Unlike ordinary fats, MCTs do not need to be broken down extensively in the digestive tract first. They go directly to the liver, where they are quickly converted into energy. Ideal just before a flight or in the recovery phase afterwards.
- Supports fat burning
  Pigeons mainly use fat as an energy source during longer flights. By adding MCTs, you stimulate your pigeon's fat-burning system. It helps them use their own fat reserves more efficiently, allowing them to perform longer and more consistently.
- Does not aggravate digestion.
  MCTs are easily digestible and do not stress your pigeon's digestive system.
- Faster recovery.
  After a flight, it is important that your pigeons regain their strength quickly. MCTs can help with this, as they quickly provide the body with the energy it needs to support recovery and muscle building.

The addition of a herbal tonic (Ginseng and maca powder) improves physical performance by increasing energy levels and stamina, strengthens the immune system and contributes to the overall health and condition of pigeons.

INSTRUCTIONS:

20 gr / 2 L of drinking water or 1 kg feed (= 2 measuring spoons). Max. 2,5% of the daily ration.

During racing season:
- 1 to 2 days before basketing.
- On returning home, to aid recovery after a tough flight.

Theo de Kruijk Famous Grizzle Line, 's-Gravenzande

*Theo de Kruijk introduced his famous **"Grizzle Line"** in the 1980s, based on top **Janssen/Tournier pigeons**, including lines from Arie van der Hoek, Dick Verwey and Frans van der Kruk. He further developed the line with **pure Janssens from Tist Eyssen** and the famous **Verbartens of Jan Ouwerkerk**.*
*A highly successful young bird specialist, Theo achieved numerous victories against thousands of pigeons, including **2nd National Young Bird WHZB**. His close friendship with **Flip, Jo and Raf Herbots** resulted in major international success for the Grizzle Line, particularly in China.*

*Today, Theo focuses on breeding top-quality pigeons and guiding a select group of fanciers according to the **Herbovet and Herbots Animal Products philosophy**. Recent highlights include **1st Provincial South Holland 2023 against more than 10,000 pigeons**, plus several National Ace Pigeon titles among his protégés.*
*The Grizzle Line continues to be strengthened with new top bloodlines, including **Gebr. Leideman's "Goed Grijs" and "Arturo*Tila"**, and descendants of the famous **998** via Ype Hemstra and Brian Sangers.*

In 2022, I *was the last breeder to acquire a complete breeding round from Ben Hendriks' breeding loft.* As part of this bulk sale, I was able to secure an additional 22 *breeding pigeons* during his total auction , so I now breed with over 60 original pigeons from Ben Hendriks

I *breed pigeons from the world-famous lines:* 90, Maaskant, Spin, Kroonprinz, Black Michael, Black Giant, *and* Kopvlieger.

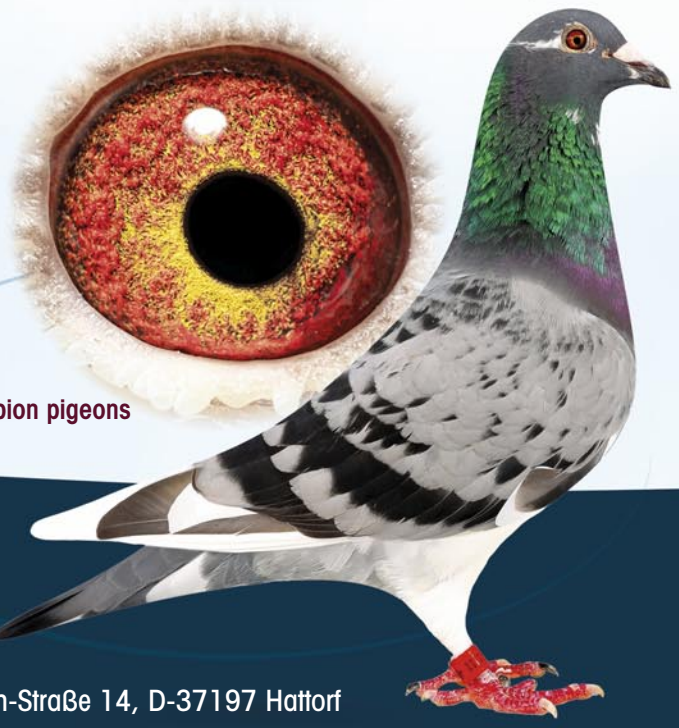
The new base hen in Hattorf
Mother & Grandmother of champion pigeons



Breeding exceptional pigeons every year has been my passion and breeding goal since 2010. The successes of my pigeons at my partner lofts in five European countries demonstrate that I consistently achieve this goal!
In recent years, I have achieved 2nd place Nationally twice, as well as other top 100 placements in the Belgian National races. Ace pigeons in Germany, Belgium, the Netherlands, and Denmark at all levels come from Hattorf. Currently, in 2026, I have the 5th Ace Bird, Middle Distance (Germany), and the 3rd Ace Pigeon in May (Regional Association 252)!!! The children and grandchildren of my "Solveig Family" alone have won approximately 450 prizes in the top 10% to date!!!

My high-quality breeding stock consists of "only" 12 pairs, based on pigeons from my friends Patrick Lismont and Luc van Mechelen. They are complemented by offspring of the foundation pigeons of Team Van Oeckel, Gebr. Herbots, Sabrina Brugmans, Timo Becker, and Niels Broeckx.

This demonstrates that with a small stock of high-quality breeding pigeons, absolute top performances are consistently achieved.

AWARDS MEDALS TROPHIES

THERE IS A WINNER INSIDE EACH OF US

Trophies are passed down from generation to generation and stay in the family – just as entrepreneurial flair and a passion for trophies has stayed in the Toulet Van Bael family.

The current heads of the business, Michèle Van Bael and her husband Luk Van Den Haute, represent the third generation. They carry with them the knowledge and experience of the past, but customer focus and a keen interest in innovation and new market developments are also second nature to them.

Today, the firm's customers are not just sports clubs and organisations: businesses also come to Toulet Van Bael for awards, business trophies and other items.

We like to take the time that is necessary, for this reason we ask you to make an appointment.

SPUTNIKS

Habru **Sputniks;**

Developed by and for champions

With the Habru Sputniks 'floppy construction sets' are a thing of the past. Habru developed an innovative product with best quality. With a break-proof glazing and long- welded connections Habru's excels in solidity. All models are suitable for every electronic system of clocking.

AVIARIES

Habru **Aviaries;**

Long-lasting and functional Made-to-measure work

Habru aviaries make a difference because of their long- lasting character! A result of welding the modules and using a higher quality type of wire mesh than other aviaries. They can be completely adapted to the wishes of the customer, made-to-measure work is guaranteed! Habru aviaries are more and more regarded as a replacement of traditional pigeon lofts.

AVIARIES
Type **fly-in and out**

Habru **model fly-in and out;**

Simple and functional

An aviary and sputnik in one – that is the Habru model fly-in and out. The pigeons fly to the front of the aviary and directly land upon the sputnik, which is integrated into the sloping roof. The sloping roof makes it hard for pigeons to sit on it. For that reason we developed the sputnik as a landing- platform. In this way no time is wasted.

BURGGRAAF GLOBAL

Where bloodlines define tomorrow

For more than 75 years, the Burggraaf family has passed its passion for pigeon racing from one generation to the next. What began in the family loft has grown into an international breeding operation built on one firm belief: exceptional pigeons prove their quality both through their own performances and through their offspring.

In 2026, Burggraaf Global returned to racing. Their first 16 races resulted in 12 first prizes. In addition, they achieved seven Top 5 finishes as 'Grandmaster', including two first-place finishes.

Performance, pedigree, conformation, vitality and breeding ability are at the heart of the selection process. In this way, Burggraaf Global continues to build on more than 75 years of family heritage while creating the champions of tomorrow.

Burggraaf Global – Where bloodlines define tomorrow.

Joeri De Doncker – Provincial winner Argenton

Top class from "Nicky"! Joeri De Doncker claimed **1st Provincial Argenton against 2,530 young birds with BE25-4031730 "Nicky", who also secured an impressive **20th National** against 11,600 youngsters.**

"Nicky" is no one-hit wonder. Her record already includes **1st Interprovincial Orléans against 11,681 birds and 36th Provincial Orléans. The strength of the loft was underlined by "Sunshine" (3rd Interprovincial) and a direct Goeteyn youngster (67th) in the same race.**

Based in Erpe-Mere, Joeri De Doncker has built his loft on **quality bloodlines, proven partnerships and an exceptional family team. After restarting in 2007, he quickly developed into a name to watch.**
The breeding foundation combines the expertise of **Annick Goeteyn and **André Bernaerts**. The sire of "Nicky" came from Goeteyn, while his dam was lent by Bernaerts.**
Behind every success stands a strong team. Wife **Marian Van Hoorebeke takes care of morning training, while son **Luka** handles road training of the youngsters. Together, they form a winning combination.**
1st Provincial Argenton and 20th National: Joeri De Doncker is clearly on the rise!
