# GERARD KOOPMAN... PURE WORLD-CLASS

The achievements of the famous Dutch top colony Gerard Koopman are more than known by anyone who follows the pigeon sport. Achieving victories and preferably against thousands of competitors, this on his own but also on a lot of international One-Loft-Races is simply baked in the dna of the Gerard Koopman pigeon. We can list a lot of internationally known Koopman pigeons but the absolute leader, first on the racing loft and afterwards on the breeding loft, was without any doubt "Kleine Dirk". Numerous reports have already explained the breeding and flying capacities of this exceptional top bird, but time goes fast and meanwhile there are already new "heroes" in the boxes on the impressive breeding loft of Gerard and his team.

Speaking of Gerard and his team... these are really top people... about the performance of their own pigeons you will never hear them blowing high from the tower and about the performance of their fellow pigeon fanciers there will always be spoken with the necessary respect. Big and small champions... for Gerard everyone is equal... and that's very much respected in the international pigeon world.

**Exclusive for Pigeon Bids Gerard bred and selected 32 high quality birds.**

**Better can't be offered by Gerard and his team.**

**All birds are DNA guaranteed.**

**A video has been made of each offered Koopman bird**
